LOOK TO THE FUTURE.

A wonderful future stretches before this great City of New York. Mo e and more commerce will centre here; more and larger ships will enter our harbors; more and swifter trains will rush in and out of our stations; more busi-ness, involving bigger affairs then ever before, will be trans-acted in our buildings.

By its very nature, the telephone busi-ness must increase as the city develops. As industry grows and expands, its demands for telephone service crow larger and more exacting. It is the duty and privilege of the Telephone Company to anticipate and meet these demands.

There are wonderful opportunities right now in telephone op-erating. Girls and young women are needed to handle the present en mous telephone traffi These young women will rise to higher positions with a ater reer salary as the in-creasing demand for telephone service cre-ates new opportunities in the telephone business. The junior operator of to-day is pervisor. Chief Operator and Chief Operator of to-

Girls 16 to 28 are wanted for Telephone Operating.
